Grand Jury Probe of Tong War Is Asked After Fatal Shooting; Killing Laid to Three; 78 Held

JAPANESE IS SHOT DOWN BY GUNMEN

Trained by Trio, Nipponese Is Attacked in Doorway; Rival Factions' Quarters Raided After Fierce Battle

Slain Oriental Member of One of Warring Elements, Officers Say; All Suspicious Characters to Be Arrested

Formal charges of murder in connection with the tong war that broke out in Oakland's Chinese quarter last night and resulted in the killing of a Bing Kong tongman and the possible fatal wounding of a Japanese gardener, will be placed late today against Chin Fong and Law Kam, members of the Sui Yung tong, and Sui Low, a Sui Yung man, three of seventy-eight alleged Chinese tongmen taken into custody last night and today by police, following the hostilities.

This afternoon Police Chief Fenton G. Thompson, Captain of Inspectors James D. Drew and District Attorney Ezra W. Decoto were in conference relative to the instigation of grand jury proceedings charging criminal conspiracy against the Oriental taken into custody. Thompson said he also would seek deportation of those who are not American citizens.

The determination by police of fields to place the blame for the killing of the Chinese and the wounding of the Japanese on the three men who were taken into custody last night, was reached late today, after inspectors assigned to the case interviewed the Japanese at the Emergency hospital. The wounded man late today told Police Inspectors Richard McMorley and Bodie Walkman a different story from the one related to the officers last night. He identified the three men as the ones who fired four shots into the Chinaman in his room at the Elgin street lodging house and then turned their guns on himself.

Police officials today predicted that a war, which will prove to be one of the bloodiest ever experienced on the coast, will follow the declaration of the Bing Kong men.

Wong Ya Yuen, a member of the Bing Kong, was shot and instantly killed shortly before 9 o'clock last night in his room at the Elgin street, 320 Eighth street, and Tashimatsu Nivuni, a Japanese gardener, was shot and probably fatally wounded in the same lodging house.

The shooting was apparently fired by three Chinese who had been following Nivuni, who is employed as a gardener by a nursery in Elmhurst. Ya Yuen was shot three times in the back of his head and chest, and the Japanese was shot once through the abdomen and ran across the street to a Japanese rooming house at 307 Eighth street.

Screen Star in Auto Smash

DORIS MAY, who, with Wallace MacDonald, was injured last night when the automobile in which they were riding collided with a machine near Los Angeles.

Doris May Is Slightly Hurt In Auto Smash

Driving With Husband, Her Car Runs Into, Overturns Another Machine.

LOS ANGELES, June 30.—Doris May, film star, and her husband, Wallace MacDonald, were slightly injured in an automobile collision here last night, it was admitted at the McDonald home today.

Slight cuts and bruises were sustained by the couple when their machine ran into and overturned another vehicle driven by John Hasemiller, a local car dealer, who was riding with him, were painfully but not seriously injured.

First reports of the accident were that Miss May and MacDonald had escaped injury.

Doris May and Wallace MacDonald were married about a month ago. Doris May was born in Seattle and was educated in French convent in that city. She doubled for Mary Pickford in "The Little American" at the beginning of her career. Some of the films in which she has played prominent roles are "The Hired Man," "Playing the Game," "Mary's Ankles," etc.

SMALL ARMY BILL SIGNED BY PRESIDENT

In Approving Reduction From 220,000 to 150,000 Men Harding Tells Congress of "Embarrassment" Caused

Fears Summary Dismissal of Thousands Who Have Right to Expect the Same Moral Obligation Required of Men

BY INTERNATIONAL NEWS SERVICE
WASHINGTON, June 30.—President Harding today signed the army appropriation bill, decreasing the size of the American army from 220,000 to 150,000 men, and in so doing he transmitted a brief message to both houses of Congress expressing the "embarrassment" which the action causes the administration at this time.

The President pointed out that it is doubtful if the reduction can be effected without the summary dismissal of thousands of men from the army "who have a right to expect from the hands of the government the same moral obligation which the government requires of them when the enlist for service."

The text of the President's message follows: "To the Senate and House of Representatives: I am advising Congress of my approval of H. B. 5010, a bill making provision for the maintenance and support of the United States Army for the fiscal year ending June 30, 1932. I cannot resist calling to the attention of the Congress at this time the very great embarrassment in carrying out its provisions while dealing justly with the enlisted forces of the army, so that a later call for a slight modification may not be wholly without notice."

THE PRESIDENT'S MESSAGE
"The bill necessitates a very large reduction in the enlisted personnel of the army, and it is doubtful that this reduction can be brought about without the summary dismissal of many thousands of men who have a right to expect at the hands of the government the same moral obligation which the government requires of them when they enlist for service."

"In perfect good faith the Secretary of War will proceed to reduce the army to figures contemplated by the Congress. The normal expiration of enlistments probably will approximate one-half the reduction which is provided for in the bill, and every effort will be made to meet the requirements of the Congress at the earliest possible day."

"I would not feel justified in asking the Secretary of War to enforce the dismissal of men who have enlisted for a definite term of service. There seems to be a moral obligation involved, the violation of which would be demoralizing to the spirit of the army itself, and might prove a very serious discouragement when enlistments are desired in the future."

WILL SEEK TO AVOID ANY DEFICIT.
"I have thought I ought to say these things to the Congress now because in its earnest desire to reduce the army personnel and limit army expenditures, the Congress has especially provided for the reduction of the army. The Secretary of War will seek to avoid the creation of any deficit, but if a probable deficit develops in a just procedure to reduce our enlisted forces I will report to the Congress at the earliest possible day, and ask it to relieve the embarrassment of the Secretary of War and make such provisions as will be necessary to deal justly with our enlisted men while attempting to keep faith with the Congress to the fullest possible degree."

"WARREN G. HARDING.
"The White House, June 30, 1921."

House Votes For Compromise On Peace Proposal

(By Associated Press)
WASHINGTON, June 30.—The House today adopted the conference report on the resolution terminating the war with Germany and Austria-Hungary. The vote was 263 to 59.

The proposal, a compromise between the Knox and Porter resolutions, now goes to the Senate.

Injunction Not Granted on King Tax Provisions

U. S. Court Decides Railroads Can Pay 5 1/2 Per Cent. and Balance Later.

SAN FRANCISCO, June 30.—The United States district court in a decision rendered today declined to allow the machinery of the State to be tied up and prevent the going into operation of the King tax bill pending a test of its constitutionality. The court dismissed the temporary injunction restraining the State Controller and members of the Board of Equalization from proceeding to levy the tax, but indicated that the railroads would be required only to pay immediately that portion of the tax which has been levied heretofore, representing five and a quarter per cent of their gross receipts.

The decision was read by U. S. Circuit Judge W. Morrow, who, with District Judges Bleick and Dooling, sat on the case. After dismissing the temporary restraining order, the court indicated that the case would be tried in the United States district court, probably before Federal Judge William C. Y. Fies.

The Southern Pacific and Santa Fe filed the action to prevent the levying of a tax of 7 per cent of their gross receipts, claiming that is was unjust and discriminatory and that the tax measure was unconstitutional. The railroads admitted that they were liable for a tax of 5 1/2 per cent, and expressed their willingness to pay it. Today's order of the court accepts their willingness to pay the 5 1/2 per cent tax, and provides that any penalties which may be exacted for non-payment of the balance shall be computed only in connection with that balance and not on the whole tax.

PROVIDE TERMS FOR PENALTY PAYMENT.
The decision in the case of the Southern Pacific says: "It is ordered that the application for the restraining order be denied, provided that in the event this action be not tried and determined upon its merits before such time as a penalty shall accrue under the laws of the State, such portion of said sum as they would be authorized to receive, if such sum were the whole amount of the tax levied on the operative properties of complainants for the year 1921."

IT IS FURTHER ORDERED THAT the payment or payments by the complainants to the state as herein authorized and directed and the receipt of such payments or payment by the state, shall not prejudice the right of either party upon the merits of this case. It is further ordered that a certified copy of this order shall be the warrant for any proceedings taken under its terms.

The tax that the Santa Fe is willing to pay is \$1,333,043.82, and the decision in that case was identical with the figures substituted. If the railroads lose their fight the assessment of the Southern Pacific will be an additional \$1,200,000, and that of the Santa Fe \$300,000.

Guy V. Shoup, counsel for the Southern Pacific, took an exception to the order of the court.

STILLMAN IS MUM ABOUT LEEDS INFANT

Banker in Court Grill Gives Testimony Regarding Relations With Wife Considered An Aid to Divorce Defense

QUESTIONS RELATING TO BIRTH OF CHILD TO ALLEGED MISTRESS ELICITS THE SET REPLY OF "I REFUSE TO ANSWER"

POUGHKEEPSIE, N. Y., June 30.—Anston-John Stillman, a wealthy banker, today refused to answer questions on the witness stand, John E. Mack, guardian for little Guy Stillman, openly threatened in court this afternoon to bring criminal action against the multimillionaire.

For more than two hours Stillman sat beneath the cool gaze of his wife in "Referee" Daniel J. Gleason's chambers while John F. Brennan, chief counsel for Mrs. Stillman, bombarded him with questions.

ASKED IF PRESENT AT CHILD'S BIRTH.
"Were you present at the birth of an infant to Mrs. Florence Leeds at a maternity hospital in New York in 1912?"

"I refuse to answer on the ground that it might tend to incriminate me," replied Stillman, using the set formula with which he answered most of the questions which Mrs. Stillman made the same answer were:

"Do you know that a male child was born to Florence Leeds on November 15, 1918 at the Sloane maternity hospital?"

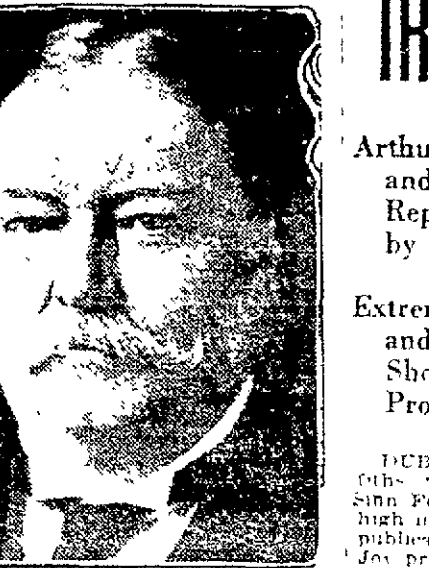

"Do you know whether this child was born to a woman under the name of Florence Lincoln?"

"Were you not present at the birth of this male child?"

"Did you not help to inspire that wording of the baptismal certificate of little Jay Ward Leeds and also did you not inspire the wording of the return made to the department of health in New York City when Jay Ward Leeds was born?"

STILLMAN AVOIDS EYES OF HIS WIFE.
The most dramatic moment of the whole sensational case came when Stillman faced his wife in court. The husband avoided her, never glancing in her direction. On the other hand, Mrs. Stillman seldom took her eyes from her husband's face. There was no enmity in the look, however.

Taft Is Chosen Chief Justice of Supreme Court

WILLIAM HOWARD TAFT, former president of the United States, whose choice for chief justice of the supreme court, was announced at the White House today.

Former President Will Be the First to Have Held Nation's Two Highest Offices.

WASHINGTON, June 30.—William Howard Taft, former President of the United States, was nominated to the office of Chief Justice of the Supreme Court of the United States by President Harding late today.

The nomination was sent to the Senate for confirmation. Action was expected shortly. Taft replaces the late Chief Justice White. It was Taft who appointed White to the office.

If the senate confirms Taft, it will be the first time in the history of the United States that a man has had the two highest offices within the gift of the people—the presidency and chief justiceship.

The last step in the decision to name Taft was for Attorney General Daugherty to formally recommend him to the President.

Taft will have to appoint a new chief clerk to replace the late James Maher, who died shortly after the late Chief Justice White. He will be the first man in history to have held the offices of President and Chief Justice of the United States.

Taft will be the ninth chief justice. He may have the deciding vote in many important cases involving the constitutionality of the anti-child labor law and the hardwood lumber anti-trust case, involving the legality of open price associations. All these cases were ordered re-argued, following the death of White.

SINN FEIN FREE FROM IRISH PRISON

Arthur Griffiths, and Dr. MacNeill, I. Republicans, Are by the British Au

Extremists Threaten to Form New Gov Should De Valera Proposal of Lloyd

DUBLIN, June 30.—Arthur Griffiths and Dr. MacNeill, Sinn Fein and Dr. MacNeill, high in the council of the Sinn Fein members of the House of Commons, also released from Mount Joy prison.

Both Griffiths and MacNeill, in accordance with the Sinn Fein policy, refused to accept the offer of public officials were that they could confer with De Valera upon Prem George's invitation to enter a parley in London.

The release of the two marks a new policy on the part of the British government. The formal charge against Sinn Fein was never revealed. Sinn Fein had refused to accept the offer of public officials were that they could confer with De Valera upon Prem George's invitation to enter a parley in London.

By ED L. KEF

JAPAN IS READY TO QUIT SIBERIA, PEKING REPORTS

Chita Government Will Give Valuable Concessions to Hurry Departure.

PEKING, China, June 29.—(Delayed)—Japan has entered an agreement with the Chita government in Siberia to evacuate Siberia within four months, according to apparently authentic reports received here.

The Chita government, in return has promised Japan additional fishery, forest and mine concessions and the choice of all concessions on Saghalin Island or coastwise and river navigation privileges, the report said.

Salmon never eat after leaving salt water.

YOUTH OFFERS LIFE SERVICE FOR \$50,000

LOS ANGELES, June 30.—The following advertisement appeared today in an afternoon Los Angeles newspaper:

Young man of good address, possessed of magnetic personality and reliability, offers services to the remainder of his life for \$50,000. Will do anything legitimate, geographical location immaterial.

Then followed the "key" or box number of the advertisement.

The advertiser was located. He said he preferred to be known under the name of Gordon Keith. A short time ago he lost his job when the corporation for which he was traveling became financially embarrassed.

There is no place in the world for a man without money, declared Keith, and if anybody thinks that I am worth \$50,000 they can have me.

While a "strictly business" offer is preferred, bids from wags will be welcome according to Keith.

Bad dispositions and ugliness won't bother me if I get my \$50,000," said Keith.

WAGE CUT TO BE CONSIDERED BY RAILWAY UNIONS

Leaders to Meet in Chicago Tomorrow to Discuss Action of Board.

CHICAGO, June 30.—More than a thousand railway union leaders representing 1,500,000 railway employees will convene in Chicago tomorrow to decide whether the workers should accept the United States railway labor board's order cutting wages 12 per cent whether there shall be a walkout permitted or whether further efforts shall be employed in seeking a compromise arrangement.

Union leaders declare a walkout could not be declared at the scheduled conference, because such an order would have to be backed up in many instances by a referendum vote of members of many of the unions which as yet have not expressed their sentiments by ballot.

B. M. Jewell, president of the railway employees department of the American Federation of Labor said the referendum vote of the shop craft workers had been completed and would be announced shortly. It was reported that the railroad count backed up unofficially that the shop craft workers had overwhelmingly rejected the wage slash.

Other railway unions which have already taken a referendum vote include the railroad workers' signal men, stationery engineers and maintenance of way men.

Jewell was hopeful today that a strike would be averted and himself thought it would be if there were proper cooperation from the railroads and the general public.

MOTION PICTURE THEATER OWNERS END CONVENTION

Among Officers Chosen Is C. C. Griffin of Oakland, Vice-President.

BY ASSOCIATED PRESS LEAD WIRE TO TRIBUNE

MINNEAPOLIS, June 30.—Opposing allegations of a cashing faction of the motion picture producers to gain an advantage within its organization, the second annual convention of Motion Picture Theater Owners of America closed its sessions here today.

The only cognizance the association took of the situation was the demand by President Sydney Cohen for complete repudiation by the Famous Players-Lasky Corporation in several instances where influences were said to have been committed to a committee to name and drive up terms of agreement with Adolph Zukor, president of the Famous Players-Lasky Corporation.

Cohen was re-elected president and the motion picture industry referred to the board of directors. Other officers elected were C. C. Griffin, Oakland, (all vice-president Joseph Mogler, St. Louis, second vice president A. C. H. Smith, New York, third vice president W. Gates, Aberdeen, S. D., fourth vice president J. C. Hutter, Detroit, Mich., treasurer Sam Block, Cleveland, executive secretary A. Van Praag, Kansas City, Kan., recording secretary A. board of directors and executive committee were also chosen.

Resolutions adopted preceding the election of officers pledged support to independent film laboratories, who are fighting domination by others, opposed censorship of moving pictures, condemned the blue laws, propaganda urged closer co-operation between news editors and theater proprietors, opposed manufacture of objectionable pictures, provided for formation of a committee of one owner from each film zone to consider the proposed \$15,000,000 corporation for film distribution throughout the United States and to report to the executive committee.

The executive committee is to select the 1922 convention city.

College Men Given Cavalry Training

MONTPELIER, June 30.—Cavalry training is being given at the University of Montana here for six weeks this summer to 17 college men from the Oregon Agricultural College, University of Arizona, Texas State College of Agriculture and Mechanical Arts and the New Mexico Military Institute.

During the college year the students now here are members of the Reserve Officers' Training Corps units at their schools. Only western universities are allowed to send men to the Oregon Agricultural College, which is in command of the camp.

Caruso's Secretary Weds Opera Singer

BUENOS AIRES, June 30.—Nina Morana, soprano of the Metropolitan Opera Company was married here to Bruno Zinato secretary to Enrico Caruso. Their wedding was originally set for last April, but owing to the critical illness of Caruso at that time it was postponed.

Had Caruso not been forced to go to Italy for his health, he would have been best man at the wedding. After their honeymoon trip Mr. and Mrs. Zinato will return to New York on August 1 and occupy Caruso's luxurious apartments in the Hotel Vanderbilt.

Caruso before sailing bestowed this present on Zinato in addition he gave a beautiful diamond ring to the bride.

Mrs. Chas. Oelrichs Bares Paris Divorce

NEW YORK, June 30.—Mrs. Charles de Loos, Oelrichs obtained a divorce last March in Paris. This fact unknown to society except among a few of her intimate friends, was revealed today by Mrs. Oelrichs.

Mrs. Oelrichs formerly was Miss Marjorie R. Turnbull, daughter of the late Frank Turnbull, Morristown, N. J. She was married to Charles de Loos, Oelrichs, son of Mr. and Mrs. Charles May Oelrichs of Newport, on April 17, 1907.

Japan Seeks Border Pact With Chinese

TOKYO, June 30.—The Japanese government is about to enter upon negotiations with the Chinese government says the Hochi, to conclude an agreement for the maintenance of order in the boundary districts of Korea and Manchuria. The draft of the agreement has already been handed to the Peking government and negotiations will be opened soon.

The principal points of the new agreement will be as follows:

- (1) Chinese authorities will be responsible for controlling malcontent Koreans in Chinese territory.
- (2) Japanese authorities are responsible for guarding against any disorder of Chinese bandits in Korea.
- (3) Prohibition of smuggling arms and war supplies.

Farmer's Assassin Is Lynched by Mob

JACKSON, Miss., June 30.—"Red" Bilbro, a colored farm hand has been lynched by a mob in Madison county, twenty miles north of here. It was learned today F. M. Pace, on whose farm Bilbro was a tenant, was brought to Jackson and placed in a hospital with his throat cut and skull fractured.

Bilbro hit Pace over the head with a spade and cut his throat. The unconscious man was then bound by his assassin, wife and Bilbro escaped, only to be caught later by a posse. A rope was placed around his neck and he was forced to climb a tree and jump.

Broken Arm Saves Man From Sentence

LODI, June 30.—A fractured arm saved Crist Vassero from thirty days in the county jail. Instead he received a suspended sentence to permit him to enter the county hospital. Vassero, discharged by Louis Villagorghi, a dayman, smote his employer in the eye to indicate his disapproval of the proceedings and was haled before Justice of the Peace Solkmere. He pleaded guilty, but Dr. Christian came to his rescue by testifying that the man, in a fall during the row, sustained a broken arm of the arm and should be sent to the hospital.

Pittsburgh Entertains Japanese Mission

PITTSBURGH, Pa., June 30.—Pittsburgh today is entertaining the twelve members of the Japanese parliamentary mission who are touring the United States. City officials and representatives of the Chamber of Commerce joined forces in welcoming the visitors. Rokusekuro Nakamichi, a leader in the Japanese house of representatives, heads the mission.

Lineman Badly Hurt In Fall From Ladder

R. E. Covington, 1029 Tenth street, a lineman for the Great Western Power company, sustained possible fatal injuries today when he fell from an extension ladder at Hobart and Telegraph avenue. He received a fractured right rib, possible fracture at the base of the skull and internal injuries. He was removed to the Oakland Central hospital.

Berkeley Mayor Opposed To Merger Charter Plans

Plans of the Board of Freeholders, already announced to have the mayor of the city and county elected by ballot, and to make a certain number of men of means may not meet with the approval of Louis Bartlett, of Berkeley, one of the original members of the committee of twenty-one which is now working on the consolidation program. Bartlett, who is now acting as a charter officer over a number of cities, has stated that he believes the mayor should be responsible to the public, and should have more power in ordinary councilman, and in the case of the city, he should have the direction of the city's legislative program.

SALARY TOO SMALL. Bartlett is also opposed to the plan to pay the mayor a sum which he says is less than that of the city clerk. He says that the mayor should be paid at least half of his salary, and that the city should be responsible for the cost of his office. He also says that the mayor should be paid for his services, and that the city should be responsible for the cost of his office.

PLAN IS QUESTIONED. Mayor Bartlett figures that half of the mayor's time will be filled with duties as ceremonial head of the city, and that he will be subjected to all manner of personal expense, and asks:

"Is it desirable or democratic to continue the choice of individuals to serve as mayor to those of independent means?"

If the manager is to be leader, Mayor Bartlett says:

"In my judgment, responsibility for the legislative program should rest with an elective officer. He is elected to put through a program, and if he fails, or if the program he develops meets with disapproval, the next election will turn him out."

Leadership in matters of policy is necessary, and that leadership should be in the one who is held responsible to the general public, namely, the mayor, and in my judgment he should have more power than the other members of the council," Bartlett's suggestion is to give the mayor two votes in the council.

READING OF ORDINANCES. A minor criticism is one directed at the provision that all ordinances be read in full on final passage, a section, says Bartlett, that would mean in the case of zoning ordinances, the reading of a long list of names and addresses.

Kelly to Close 15 Years With County Tonight

M. J. KELLY, who leaves county employ after fifteen years of service to become superintendent of the San Francisco Mint.

Will Assume Superintendency of San Francisco Mint Tomorrow Morning

When M. J. Kelly closes his desk in the county tax collector's office this evening he will have brought to a close fifteen years of service as an Alameda county official. Tomorrow he will take office as head of the San Francisco Mint.

Kelly has closed up the last details of his duties as tax collector and is ready to turn over the office to Edward T. Planer, chief deputy, who has been appointed to the collectorship, beginning tomorrow.

In going from the county employ, where he has been treasurer and tax collector to the mint, Kelly returns to the Federal department he left 12 years ago and in which he served for 13 years. Hundreds of his friends took occasion today to visit the tax collector's office to extend their congratulations and well wishes.

Among the duties of the collector, Kelly says, is the devotion of a half or whole day to the task, and after all of the sections have been thrashed out by the council members.

"What I have said points to the desirability of having the mayor elected as mayor directly by the people, and not by the city council. The experience of city councils in electing their own mayor has not been very extensive in large cities, and therefore is of little value in formulating this charter. The fact that it may have worked well in small cities should not blind us to the importance of having the leader of the legislature of the city directly responsible to the people."

Conference Is Called on S. F. Bay Bridge Project

Organization of the general conference committee, representing the counties and municipalities about the bay in plans for furthering the bridge-the-bay movement, will be perfected at a meeting, to be held in the Hall of Records in Oakland at 11 o'clock tomorrow morning.

Present will be all of the leaders of the various organizations taking part, city officials from the larger cities, and representatives of San Francisco, Alameda, Contra Costa, San Mateo and Marin counties.

The meeting will elect a chairman, two vice-chairmen and a secretary, and will also elect a committee on engineering, finance, legislation and judiciary, as well as an advisory board, consisting of the chairmen of these committees and the mayors of the municipalities represented at the conference.

ENGINEERS TO BE ON COMMITTEE. It is planned by the committee arranging for this conference, that Supervisor Richard J. Welch of San Francisco will be named as chairman, and that William J. Hamilton, Alameda county supervisor, and Earl C. Anthony, president of the Motor Car Dealers Association, will be named as vice-chairmen. Supervisor C. V. Thompson of San Mateo is slated as secretary. In all probability the engineering committee will consist of the chairmen of the bay cities, together with the county engineers and the engineer of the Harbor Commission.

Senators Hiram Johnson and Samuel Shortridge will be asked to serve on the legislative committee, with the congressmen of the districts represented. On the judiciary committee will be the city attorneys and the district attorneys.

While this is the slate contemplated, the matter will be left to the definite consideration of the conference and some changes in plan may result.

LABORS BEGUN BY BRIDGE EXPERTS. Ralph Modjeski and John Vipond, Davies the bridge experts welcomed here with ceremony on Tuesday, are deeply immersed in the details of their job today. Supplied with maps and with information of the depth of the bay at various points, and with the names of the Coast Island to the south, they are starting their labors by eliminating the impossible locations, and will soon have for the most part a number of bridge sites, which may be considered in the light of the possible.

Street plans in San Francisco are being used in the consideration of all possible terminals for that side, and the same method will be used when the western terminus comes up for consideration. The committee is supplying the experts with the information for which they ask, is furnishing them with automobiles, that they may travel the waterfront and look over the shore lines and contours, and is providing of help. There is, however, no attempt to plan anything for the city, who are outlining their own program and who are spending their full measure of time, on the preliminary study of the situation.

SAY SPAN MAY BE LARGEST. It is all business with Davies and Modjeski. No more statements are being issued and no more generalities are passed out to the enthusiastic groups of committeemen and bridge-the-bay workers. The two engineers realize that, in order to be ready with anything in the nature of a tangible report by July 9, they can waste no time. The bridge across the bay, if the bridge plan is decided upon, will have the longest span in the world and the decision responsible for its construction will be based upon one of the greatest engineering problems ever to face the expert. On the other hand, the tunnel proposal offers some unusual features which means that until the survey is complete there can be no recommendation one way or another.

A third possibility is for the bridge to extend all but the last 4000 feet, which may be tunneled. Any plan, it is held, would mean that the actual terminus would be some distance up-town from the waterfront as either a high bridge or a deep tunnel would necessitate a gradual approach to the city level.

COLONEL DEAKYNE WILL TAKE PART. To aid the experts Colonel Herbert Deakayne of the United States army engineers, and engineers at the University of California will take part in conferences and are ready with data and suggestions. Already the university engineers have supplied the experts with statistics concerning the bay depth, soundings and foundation, information to be used in connection with an independent survey which the engineers will make.

Data on the transportation situation in Oakland, Alameda, Berkeley and other Eastbay cities are in the hands of the bridge-the-bay experts today, having been supplied to Davies and Modjeski by the Oakland Chamber of Commerce at their request.

A count of ferry traffic on September 16, 1920, showed that nearly 15,000 more persons crossed the bay than on March 6, 1919, the figures for the respective dates being 112,332 and 96,425.

These are the totals of the Southern Pacific and Key Route systems, the San Francisco bound boats carrying 55,653 passengers and the east bay bound boats carrying 66,679 on September 16 of last year.

March 6, 1919, the traffic to the peninsula was 47,912 and to the mainland 48,513.

COMMERCE CHAMBER GIVES INFORMATION. The information supplied by the Oakland Chamber of Commerce also covers the following:

That there is a population of 4,486,201 within a 600-mile radius of Oakland.

That the counties north of the Tehachapi—and therefore naturally tributary to the San Francisco bay section—contain a population of 2,080,746 as compared with 1,356,963 in the Southern California counties.

That Alameda county showed the largest increase of population of any Northern California county in the 1920 census.

That Alameda county is growing at a faster rate than San Francisco county, gaining 93,046 people in the last census as compared to 59,764 for San Francisco.

That the dividing line of population for the Pacific Coast passes approximately through the Oakland city hall, 2,738,248 people living north of the line and 2,783,247 living south of it.

That Oakland leads in the number of automobile owners as compared with other cities of the same size in the United States. Sixteen thousand Oaklanders own motor cars as compared with 14,000 in Atlanta, 11,418 in Birmingham, 11,000 in Memphis, 14,500 in New Haven, 15,067 in Syracuse and 8240 in Worcester.

That 34.7 per cent of Oakland homes are owned free of encumbrance.

The figures submitted to the bridge experts also contained a count of San Francisco-Oakland commuters—those who live in San Francisco and work in Oakland—which was placed at 5633.

Accompanying the data were maps and diagrams showing the flow of traffic to and from San Francisco, Alameda and work in Oakland—which was placed at 5633.

The data also included facts and figures regarding the Pacific naval base at Alameda, as it is considered probable this will play a large part in the investigations of Davies and Modjeski.

Golden Gate Council Number 20, United Commercial Travelers, has voted unanimously to support the bridge-the-bay movement, each member pledging himself to act as a "disciple" for the idea.

PROBE OF LOCAL TONG WAR ASKED; 78 ARE ARRESTED

Killing of Chinese, Shooting of Japanese Are Followed by Two Raids.

(Continued from Page 1)

At the Bing Kong headquarters the police gathered evidence that led them to believe that men of the Suet Ying tong were responsible for the killing. The twenty-one members of the Bing Kong were loaded in police patrols and automobiles and sent to the city prison, and the posse of officers led by Chief Thompson, began a search for the headquarters of the Suet Ying.

Some difficulty was experienced by the posse in locating the meeting place of that faction, due to the fact that it had moved within the last two weeks. However, as the posse was searching for the headquarters they discovered an automobile carrying one of the prominent Suet Ying members. After trailing the machine for several blocks Thompson and his men were finally led to the new headquarters at 719 Chase street.

The officers lay in hiding for some time further down the street as the long lead left the automobile and went inside. Then at a signal they approached the building from all sides. In this place sixteen members were taken into custody. One Chinese attempted to escape through a skylight in the building, but was captured by the detectives. After the sixteen men had been sent to the city prison a thorough search of the building was made by Chief Thompson and his men.

In one corner of a room they found a trap door leading to a secret room which contained sixteen pistols, a number of rifles and a quantity of ammunition.

Five other suspected tongmen were picked up by plain clothes men through the streets of Chinatown and all were taken to the city prison. These arrests were followed by scores of others until 78 men had been lodged in the city prison.

At 3:30 o'clock this morning Inspectors Eddie O'Donnell and Joseph Enright with Deputy Prosecuting Attorney William Honessy, went to the Emergency hospital, where the wounded Japanese made a statement. He said he had been followed by

three Chinese in American clothes. He said they were behind him when he was in the doorway of the rooming house on Eighth street and one of them fired the shot.

After interviewing several of the Bing Kong tong men under arrest, Chief Thompson picked out Mar Hong and Chin Pong, said to be members of the Suet Ying. Bing Kong men declared that they were two of the three men who did the killing.

The two suspect Suet Ying men were taken to the Emergency hospital, where they were taken before the wounded Japanese in an effort to identify them as the murderers. Nivni, however, said that he was unable to recognize the men, due to the fact that they were behind him when the shots were fired.

Late today the Japanese changed the story he outlined in his dying statement, and when the three men who will be charged with murder were taken before him, declared that they were the ones who had fired the shots. He declared that he was in the rooming house visiting friends and the three men came to Wa-

Extra forces of policemen and detectives were patrolling the streets of Oakland's Chinese quarter today, ready to prevent any possible renewal of hostilities. Throughout the day the streets of the quarter were deserted and blinds on all buildings were pulled tight.

Thompson was planning a conference with heads of the Bing Kong and Suet Ying tongs in an effort to determine if possible what faction was responsible for the killing. Police inspectors investigating the case today said they are convinced that at least ten shots were fired by the attacking tongmen. They have recovered four bullets from the floor of the lodging house where the man was killed and believe that there were several more.

FRED G. BUNCH, NEWSPAPER MAN, WAR HERO, DIES

San Franciscan Succumbs to Injury Received in Battle of Argonne.

SAN FRANCISCO, June 30.—To the casualty list of American Expeditionary Forces has been added the name of Frederick G. Bunch, newspaperman and hero of the World War, who died at the Adler Sanatorium after a two years' fight against deadly German gas and shell shock. Two years ago Bunch returned to San Francisco for discharge, wearing the Croix de Guerre he had been awarded for gallant conduct under intense fire at the battle of Chateau Thierry. For six months he worked at his profession, but was compelled to resign and seek medical aid. Bunch was among the first to sign at the first officers' training camp at the Presidio early in 1917, where he drilled and worked three months, but failed to get a commission. Bunch enlisted as a private in the 147th Field Artillery, being recruited by Colonel Thornwell Mullaik. After arrival at Camp Kearney, Bunch demanded to be sent overseas. He gave up his sergeant's chevrons and went to France with a group of conscripts, and was immediately assigned to the 147th Field Artillery of the Thirty-second division, termed "Les Terribles" by high French officers. Through all of the major engagements Bunch fought without injury, but was gassed in the Battle of the Argonne. After the armistice was signed he was sent by his divisional commander to Paris to edit a paper for the division. There he was placed on the staff of the Paris edition of the Chicago Tribune. Bunch was 40 years of age, a native of San Francisco. He served ten years on the editorial staff of the San Francisco Examiner, for several years in the capacity of city editor. He is survived by his widow, Mrs. Rose Bird Bunch.

Orange Grower Dies As Train Hits Wagon
LOS ANGELES, June 30.—W. T. Story, an orange grower of Riveria, was killed today when a wagon in which he was riding was struck by a Santa Fe passenger train at a crossing in Riveria. Story lived at Riveria for 42 years and was reputed to be wealthy. He left a widow and son and daughter at Riveria, and two married daughters in Colima. A ranch employee who was driving the team escaped unhurt.

War Mothers Send Thanks to Tribune
Editor TRIBUNE: On behalf of the Oakland Chapter, American War Mothers, I desire to thank your paper for the generous publicity you have given in advertising our request for the wounded soldiers at the general Letterman hospital. Respectfully yours, MRS. C. D. HAINES, Chairman.

ACTIVITIES OF WOMEN

One of the beautiful home weddings of June will be that this evening of Miss Florence Miller and John Phillip Shipman Jr., at the home of Mrs. Frank Miller, her mother, in Santa Clara avenue. A bower of pink roses and sweet peas has been arranged at one end of the living room. Rev. Frank S. Brush of the Northridge Community Church in Berkeley is to officiate before a company of seventy-five guests, close friends of the two families and relatives. The service will be read at 8:30 o'clock.

Miss Miller is to be attended by her sister, Miss Daisy Miller, as maid of honor and by her cousin, Miss Phyllis Colleschom, as bridesmaid. George Montgomery of Los Angeles is to be best man for Mr. Shipman. Miss Miller will be married in a handsome bridal gown of cloth of silver and lace with a veil of sheer tulle and orange blossoms. Her shower bouquet will be of orchids and lilies of the valley. Miss Phyllis Colleschom is to be in turquoise blue charmeuse and silver, while Miss Daisy Miller will wear apricot charmeuse and gold lace. They will wear bands of silver and gold as well as their color. Little Dorothy Atkins will be flower maiden and Master George Montgomery Jr. will be best man. Mrs. Everett Brock is to play in wedding march and Mrs. Edna Fisher Hall will be soloist. The bride is a sister of the Misses Daisy and Carrie Miller and of Merrill and Henry S. Miller, who will give her sister in marriage. The future home of the couple will be in Portland, Ore., where Mr. Shipman is in business. He is a son of Mr. and Mrs. John Shipman of Alameda.

Tomorrow afternoon the marriage of Miss Shirley Pauline Henderson and Roy Fleming Rutherford of this city was solemnized by Rev. Everett Smith in the Brooklyn Presbyterian church with only the immediate family witnessing the nuptials. Rutherford is a member of a prominent family of Napa county and is a brother of Marshall Rutherford of this city and of Wallace Rutherford of St. Helena. He was a former student of the University of California. There were no attendants upon the couple. The bride was a member of the faculty of the Oakland school department. She is the daughter of Mrs. Pauline Henderson, formerly of Auburn.

MISS ZWISLER BRIDE OF NEWTON D. ARENDT
At the Zwislerville home at Pleasanton yesterday, Miss Harriet Gertrude Zwislerville became the bride of Newton D. Arendt. The ceremony was performed by Rev. John Stutcheil of the Pleasanton Presbyterian church at noon, with more than forty relatives of the contracting parties and a few close friends witnessing the nuptials. The marriage service was read in the reception room of the Zwislerville residence, which had been converted into a bower of gladiolus dahlias and roses in deep pink shades. A table of Shasta dahlias and Woodwardia ferns was arranged for the bride party, which included Master Roy Arendt as ring bearer, Little Miss

MRS. ROY FLEMING RUTHERFORD, whose marriage took place Tuesday in this city.

Ruth Thompson of Placerville as flower girl and Miss Ruth Arendt as maid of honor. The best man was Harris Cooper of Baltimore. The bride was groomed in a white crepe over satin creation, trimmed with rare pearl ornaments and wearing the conventional veil fastened with a coronet of orange blossoms. A diamond and sapphire brooch was the only jewel worn, and the bride carried a shower bouquet of white roses and gladioli. Miss Arendt, the sister of the groom, wore an organdie frock with hat trimmed with flowers, and carried a bouquet of pink roses. Luncheon was served at small tables in the diningroom. The couple left in the afternoon by motor for their honeymoon and through the south for a two weeks' trip. Upon their return they will take up their residence at Pleasanton, where a new home awaits them and where they will receive their friends after July 15. The bride is the daughter of Mr. and Mrs. A. K. Zwislerville and is the only son of Mr. and Mrs. Joseph Arendt, who for many years have been prominently identified with the life of this valley. He is associated with his father in the firm of H. Arendt and Company.

MOTOR TO WAWONA
Dr. and Mrs. Henry W. Harding are motoring through the high Sierras and spending their vacation in the Yosemite Valley stopping at Wawona and the mountain resorts en route.

Miss Laura Warnock entertained a group of the younger set at her home in Thirtieth street this afternoon in honor of Miss Dolly Olsen, who will leave Friday to make her home in Los Angeles. The guests

numbered Miss Libby Sohst, Miss Gertrude Rutley, Miss Irma Greene, Miss Katherine Bennett, Miss Frances Sinclair, Miss Katherine Smith, Miss Japier Clark, Miss Katherine Freely, Miss Betty Rice and Meriam Hughes.

Edgar Bayless, organist at one of the Oakland churches, was married on the 15th to Miss Nina Bickelstaff, of Iowa, who until her wedding, was a guest at the home of her sister and brother-in-law, Mr. and Mrs. Earl Mayhew of Oakland. The bride is a musician of much distinction, and her coming to Oakland, where music has so many devotees, will be welcomed. The home of the newly-weds will be in this city.

Mrs. Susan H. Middlemas of Alameda and her granddaughter, Miss Middlemas, are in Fresno where they will be guests for the next ten days. Upon their return they will go to Lake Tahoe for a vacation. Miss Middlemas will accompany her parents, Mr. and Mrs. Harold Middlemas, to Bartlett Springs.

VISITING AT THE SEA
Miss Estabrook Minney, the young daughter of Mr. and Mrs. M. T. Minney, is spending the month of June in Carmel-by-the-Sea with her aunt, Mrs. Paul Lee Elberbe of New York. Miss Virginia Hamilton and Martin Minney motored down for the week end.

The marriage of Miss Nanette Church, daughter of Mr. and Mrs. Thomas J. Church of this city, and C. Owen Armstrong, was a simple service Tuesday evening in St. Paul's Episcopal church. Rev. Alexander Allen, rector, officiated before sixty guests. The former home of the bride's family was in Seattle. Miss Myra Groves, of San Jose, attended the bride. Manning Park served Armstrong as best man, while Scott Dayton played the wedding march. The future home of the couple will be in Sacramento. Armstrong, who served in the Naval Reserve, is from Bellingham, Washington. He ranked as ensign and recently returned from the South American cruise of the Pacific fleet, where he was assigned to the U. S. S. Texas.

RETURNS FROM SACRAMENTO
Miss Rowena Martin has just returned from a ten-day visit to Sacramento, where she was the guest of her sister, Mrs. James B. Fulton (Louise Martin). This afternoon Miss Martin is entertaining at bridge at her home for a number of her close friends. While in Sacramento she was the guest of honor at a luncheon and a bridge at the Country Club.

New Record Is Made in Laying Concrete
MARTINEZ, June 30.—Laying 768 feet of concrete on a double slab road, Contractor P. Roland, who is building the Memorial Highway, established a record for Contra Costa county Saturday which is expected to stand for many months, returns to the office of County Engineer R. R. Arnold today disclosed. Roland's crew is now engaged one mile and a half south of Danville. The concrete laid Saturday would extend 1536 feet if laid in a continuous slab eight feet wide. Roland's crew smashed its own record Saturday. Last year the crew laid 1426 feet of concrete in one day, which was considerably more than any amount laid by any contractor previous to that time.

Syndicalism May Be Charged to Suspects
Decision whether or not to place charges of criminal syndicalism against the men arrested by a posse under Chief of Police James G. Thompson last Sunday night will be made today. Alleged revolutionary speeches said to have been made by the men in custody will be the basis of any contemplated action. The meeting was held in Carpenters' Hall on Twelfth street. The eight men against whom charges of vagrancy have been placed are said by the police to be L. W. W. organizers.

U. S. Needs Help in Income Tax Unit
United States civil service examinations for the following positions will be held in the near future: Valuation aid, assistant valuation engineer and valuation engineer, under the income tax unit of the Bureau of Internal Revenue, treasury department.

As the needs of the service are urgent, applicants are requested to apply immediately to the local secretary, postoffice building, for the necessary blanks and the necessary information. As a large number of applicants will be appointed, papers will be examined and rated up without delay.

MINNESOTA HEAT WAVE
ST. PAUL, Minn., June 30.—All heat records for the last 20 years have been shattered here during the last two weeks. Today threatened to beat yesterday's record of three continuous hours at 94 degrees.

FAIRYFOOT

Lake Eleanor Proves Good Fishing Ground
OAKDALE, June 30.—Autoists in search of good trout fishing are directed to Lake Eleanor, in the Hetch Hetchy. The greater part of the distance can be covered by auto. From Groveland, above Sonoma, it is advisable to take the Hetch Hetchy railroad and pack in from the end of the line. Local fishermen, who have just returned from the lake, report it an easy matter to take the limit daily.

Divorcee Must Pay Attorney for Suit
SAN LEANDRO, June 30.—Mrs. Annie McQuarrie, of 1461 Pothill Boulevard, will have to pay her attorney the \$100 she promised, according to a ruling by Judge William J. Cannon. Mrs. McQuarrie sued her husband, Mirdeck McQuarrie, for divorce, agreeing to pay Attorney John L. Wentz of the State Bank Building \$100 for his services. This she failed to do, says Wentz.

Table Decorations for the Fourth
—We have a complete line of decorated crepe paper, table favors, paper bon bon dishes, flags and paper fire crackers.

Tracy Policeman Captures a Bride
TRACY, June 30.—E. G. Tuttle of this place and Miss Mabel B. Bryne of San Francisco sprang a happy surprise on their friends by marrying last Friday in the Golden Gate city. Tuttle is a local peace officer and very popular. He did not advise his friends of the contemplated step, hence word of the ceremony has just reached here. Remarkable geysers are found in New Zealand.

Many Violators of Bicycle Law Nabbed
SAN JOSE, June 30.—The crusade started here night before last against the riding of bicycles without lights spread last night and the number of arrests was boosted to more than 25. At the same time officers opened a similar crusade against the riding of bicycles on the sidewalk, which, the police claim, is equally dangerous with the offense of riding without lights, being dangerous to both cyclist and pedestrians. Arrests will continue today and tonight.

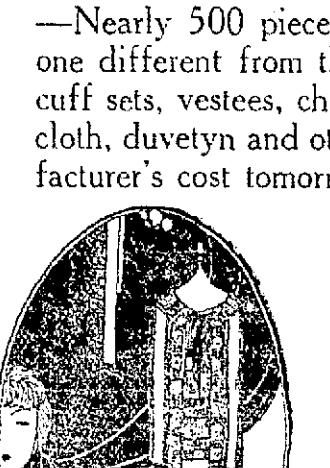

KAHN'S

OAKLAND'S LARGEST DEPARTMENT STORE

Sale of Women's Neckwear Samples at Manufacturer's Cost

No Two Styles Exactly Alike

No Two Styles Exactly Alike

—Nearly 500 pieces of smart new neckwear in the season's most favored styles—each one different from the other—high grade neckwear including dainty collars, collar and cuff sets, vestees, chemisettes, and gamps in organdy, lace net, pique, gingham, broadcloth, duvety and other materials. m., from the parlors of Cunha &
Capogno, East Fourth street and
Cullen street, San Leandro, thence to
Saint Leonard's church, where a
religious high mass will be cele-
brated for the repose of his soul,
commencing at 9:30 o'clock a. m.
Interment at Mount View cemetery.

JOSEPHINE—In this city, June 29, 1921,
Josephine B. Bright, widow of the
late Henry Bright, mother of the
late Walter Bright, beloved
sister of Nora O'Connor of Oakland,
Mrs. Bridget Mullins and Mary
Spence of New York City, Annie
O'Connor of Astoria, Ore., Ire-
land, and John O'Connor of Dublin,
Ireland, a native of Ireland, aged
48 years.

Friends and acquaintances are
respectfully invited to attend the
funeral from her late residence, 517
Twenty-third street, Friday after-
noon at 2 o'clock, Interment
Mountain View cemetery.

DAWSON—In Oakland, June 29, 1921,
Ezra Robert Dawson, beloved hus-
band of Margaret Dawson, and lov-
ing father of Arthur R. and Pio-
ence Dawson, and grandfather of
Robert Warrington Dawson, a na-
tive of Illinois.

Funeral services and incineration
private. Remains at the chapel of
Grant D. Miller, 2873 E. 14th street,
Oakland. Please omit flowers.

HAZEN—In this city, June 29, 1921,
Clarence Hazen, devoted son of the
late Reuben W. and Harriet Hazen,
father of Mrs. O. E. Miller of Seat-
tle, brother of Scott W. and Ross
W. Hazen, Hattie E. Ellen M. and
the late Gertrude Hazen of Ohio, a
native of Fremont, Nebraska, aged
66 years.

Friends and acquaintances are
respectfully invited to attend the
funeral Friday, July 2, at 9 a. m.,
from the parlors of Cunha & Ca-
pogno, 852 8th street, thence to St.
Joseph church, where a high mass
will be celebrated for the repose of
his soul, commencing at 9:30 a. m.
Interment St. Mary's cemetery.

LEMON—In this city, June 28, 1921,
Jose Machado, dearly beloved hus-
band of Maria A., devoted father of
George Marshall Lemon of San
Diego, Mrs. Marie Rampla of Mar-
con, and Marie Marshall Lemon of
Berkeley, a member of Council No.
16, I. O. O. F. S. and Council No. 13,
U. P. E. C., a native of Azores, aged
74 years.

Friends and acquaintances are
respectfully invited to attend the
funeral services Saturday, July
2, 1921, at 9 o'clock a. m., from the
chapel of Grant D. Miller, 2873 E.
14th street, Oakland, thence to St.
Bernard's church, 824 avenue, near
15th street, where mass will be
celebrated for the repose of his soul
commencing at 9:30 o'clock a. m.
Interment St. Mary's cemetery.

SWENSON—In this city, June 27,
1921, Nannie P. Swenson, beloved
wife of Carl P. Swenson, devoted
mother of Frank N., Edith, Yu-
dith P., Olga V., Theodore S. and
Gladys M. Swenson, and the late
Arthur P. Swenson, sister of Mrs.
J. Hansen, Mrs. J. Berg, Mrs. O. R.
Nelson, O. N. Vernius, S. E. E. and
H. Nelson, a native of Sweden, aged
64 years.

Funeral services Saturday, July
2, 1921, at 2:30 o'clock p. m., from
her late residence, 5002 Grove st.,
Oakland, Cal., to which friends are
invited. Interment Mt. View cem-
tery.

CARD OF THANKS.
We desire to express our heart-
felt thanks to the many friends and
to Sequia Lodge No. 349, F. & A. M.,
of Oakland, for the beautiful floral
offerings and kind sympathy ex-
tended to us during our late be-
reavement.

MRS. SUSAN EDWARDS,
MRS. E. SHERMELEY.

STOCKTON-LOS ANGELES

COX, ELECTRICAL SCIENTIST, DEAD

LOS ANGELES, June 30.—Harry
Harrington Cox, noted electrical scien-
tist, died today at his residence here.
Known internationally as the
"Father of the Dry Cell," Dr. Cox
contributed many noted electrical in-
ventions to science, including the
submarine signal system for coast
defense, the electric push button, a
system of wireless telegraphy using
the ground instead of the air, and
the device later incorporated in the
railway block safety system.

In the field of electro-therapies,
Dr. Cox in 1919 announced the
invention of an apparatus by which
natural elements of the air could be
converted into radio activity. Efforts
to use medium and radio activity to
save the life of the research worker
who delved deeply into this field,
failed. Death was due to a malady of
the throat. Dr. Cox was 57 years of
age.

**Plot to Kill British
Statesman Revealed**
BY ASSOCIATED PRESS
LONDON, June 30.—Special pre-
cautions are being taken to protect
all the British cabinet ministers in
consequence of the discovery of a
plot to murder them, according to
the Sketch.

The paper says the police are seek-
ing three men sent to London by
certain organizations abroad for the
purpose of assassinating the minis-
ters. One of these men is described
as a French medical student, a mem-
ber of a Paris secret society, another
an Irishman from Western United
States and the third a Spaniard of
Irish extraction.

Jelly, Jam and Marmalade Recipes Asked of Tribune

The TRIBUNE'S Information Bu-
reau is paying a sticky route of jelly
and jam and marmalade from here
to the horizon. Yesterday it was
loganberries and blackberries. Today
it is orange marmalade. One of The
TRIBUNE readers sends the follow-
ing request to the bureau:

"Please publish a recipe for orange
marmalade."
Five oranges and one lemon. Cut
them in small pieces. To one pint
of fruit add three pints of cold
water and let stand over night. Fol-
lowing day boil ½ of an hour, till
tender. Boil gently. Let stand
another night. Then add ½ pint
sugar to each pint of fruit and
liquid. A little less sugar will

answer, and it will not be over sweet.
Then again boil ½ of an hour and
test as you do jelly. Put in glasses
and cover with paraffine.

The TRIBUNE'S Information Bu-
reau will answer all questions of a
general nature except school or legal
problems, debates, trade and firm
names and queries as to the time of
day.

The Bureau is open every day ex-
cept Sunday, from 8 a. m. to 3 p. m.
If answers are desired by mail,
stamps must be enclosed. Quickest
results can be obtained by telephon-
ing to the bureau. If you have any
problems of a general nature to solve
ask The TRIBUNE Information
Bureau, Lakeside 8000.

**LIBRARY SEEKS
MEANS TO CARE
FOR SNOW SKINS**
The sum of \$4075 is requested by
the board of library directors for
tanning and preparing African
mammoth skins, according to a sup-
plementary budget submitted to
Commissioner Baccus today. The
appropriation is asked so that the
museum may take care of the
trophies taken by the Snow expedi-
tion, now in Africa. The skins, it
is said, are ready to come to Oak-
land, if Oakland can take care of
them. The following is the esti-
mate: Taxidermist, at \$260
monthly, \$3120; materials and
labor, \$955; total, \$4075.

Canada has more than 30,000
miles of railroad.

SCOUTS HONOR HERO COMRADE

Up at Camp Sheoak, the Boy
Scout camp of this district, the flag
is flying in honor of a hero com-
rade. The heroic Scout who
gave his life that his younger
brother, Forrest, might live, and who
declared that it is easy to die when
another's life has been saved, was
buried. Funeral services were held
at 10:30 from a local undertaking
parlor.

Hundreds of Boy Scouts paid
honor to their departed comrade by
acting as escort to the body. Al-
len's comrades of Troop 18 were ac-
corded first honors behind the
casket.

Young Daggett, who was 16 years
old, was fatally injured on the
evening of May 20 at Fortieth and
Piedmont, when he saved his brother
from death under the wheels of an
approaching electric train. He man-
aged to push the younger lad off
the tracks but was himself struck
by the train. He was rushed to the
Providence hospital, where every ef-
fort was made to save his life.
Shortly after he had been injured
Allen declared that "he could have
acted in no other way than to have
risked his life for another, for he
was a Boy Scout. A few moments
before he died he told his nurse that
it was easy to die, knowing that he
had saved another's life."

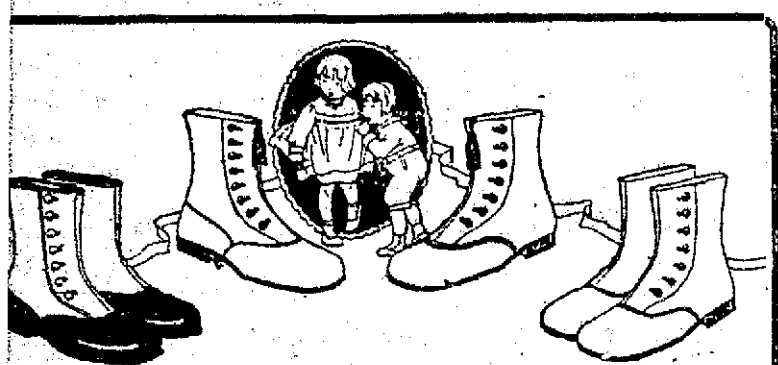

WOMAN DENIES MURDER.
PORTLAND, Ore., June 30.—Mrs.
Louise Agee has entered a plea of
not guilty to a charge of murder in
the first degree in connection with
the death of her husband, whose
throat was slashed at his home here
recently. The trial date will be
fixed after the summer recess.

Cliff Dwellers Former Nomads

CANTON, Texas, June 30.—That the Pueblo Cliff Dwellers of New Mexico were originally buffalo hunting and nomadic Indians of Western Oklahoma and Northwestern Texas and that they gradually developed their

architecture and their arts as they moved westward, finally settling down to permanent habitations in New Mexico, has been definitely established by archaeological investigations made in Texas Panhandle and Eastern New Mexico by Warren K. Moorehead, geologist of Andover, Massachusetts, and J. B. Thorburn, representing the Oklahoma Historical

Society. This is an announcement important to science, as formerly it was generally supposed that the Cliff Dwellers came northward from Mexico. The explorations of Moorehead and Thorburn carried them along the courses of the Canadian and Cimarron rivers in the Panhandle of Texas and thence eastward into New Mexico

as far as the Mora Valley. In Mora Valley eight or ten typical Pueblo ruins were found in a fairly good state of preservation. From the Mora Valley eastward to the Oklahoma line the stone buildings of the Indians become smaller, more primitive and less important until they finally disappear. Upon completion of the work done

preparatory to this announcement, Moorehead and Thorburn delivered addresses on the subject before the West Texas Normal School at Canyon. It was here that the first definite announcement of this important discovery was made.

This was the second archaeological exploration trip Moorehead has made to this part of the country in connection with the tracing of the origin of the Cliff Dweller culture.

YOLO NURSE NAMED
BERKELEY, June 30.—Miss Henrietta Koch, University of California girl, has accepted the position of Public Health Nurse for Yolo county. She will report for duty on August 15. Miss Koch was named by the Yolo County Red Cross society. Recently the Berkeley girl returned from Mexico, where she was engaged in research work for the University of California.

\$150,000 LOSS IN FIRE
PORTLAND, Or., June 30.—A warehouse, a large grain elevator and about 100,000 sacks of wheat were destroyed by fire yesterday at Wyck, five miles southeast of here. The loss was estimated at \$150,000. The blaze as reported to have started from a grass fire.

COUNTY GETS RAILWAY PLAN FOR BASCULE

Specifications Prepared by S. P. Received by Surveyor Haviland, Preparatory to Submission to Supervisors

The Southern Pacific Company has completed and forwarded to County Surveyor P. A. Haviland a set of drawings of the plans for the proposed bascule bridge across the inner harbor, interfered with by the war, according to notice received by the supervisors today.

The drawings will be checked by Haviland and will probably be ready for consideration in two weeks. Chairman W. J. Hamilton said the board can take no final action concerning the bridge pending the decision of the railroad commission on the Southern Pacific company's petition for permission to abandon its ferry line from Oakland to the Alameda mole and its electric train service between Oakland and Alameda. He said that in the extremely improbable event that the commission should grant the request, the company would have no need for a bridge across the estuary and could not very well be forced to carry out its contract with the county.

REIMBURSEMENT PROMISED. Chief Deputy District Attorney Theodore Wittschen said Attorney E. J. Poulos, representing the company at the recent hearing before the commission, declared his company would reimburse the county for any expense already sustained in case the commission decides in the railroad's favor.

A delegation of carpenters appeared before the board to ask that E. T. Leiter and Sons, who have a contract for constructing certain buildings at the San Leandro contract hospital, be directed to proceed with the work.

Ray Wright and George Kye, who advised the board that the carpenters were not concerned in the recent wage dispute and the board of arbitration made no award concerning them, said that the carpenters are attempting to reduce their wages from \$5 to \$3.35 a day. They said the hospital contract had been entered into at the \$5 scale of wages and that if the board insists on completion of the contract it will provide work for men now idle.

UNION AND NON-UNION. Wittschen said the work is the power to complete the work, if the contractors do not do so within the time limit specified in the contract, and charge the expense to the county.

Supervisor R. C. Staats said the board had told the labor men before, when they asked that the contractors be directed to complete the work, that the men had said they would take their chances on that. He said the board had told the contractors to complete the work, and that the board had told the contractors to complete the work, and that the board had told the contractors to complete the work.

NEW HIGHWAY URGED. Attorney General T. W. Norris, president of the Western Manufacturing Company at Livermore; M. G. Callaghan, postmaster at Livermore; and Louis J. Belmont, president of the board, all advocated the project. Chairman Hamilton said the board would plan to construct the road after completing certain repairs now under construction near Hayward.

Supervisor C. W. Meyer urged an appropriation for the Hayward Farm Products Show, and introduced W. T. Knight and Frank V. Belvel, who asked for \$1,500. The board voted to grant \$1,000. There was also appropriated \$1,000 for the Lions Club convention in Oakland next month, and \$150 for the convention of the American Association for the Advancement of Science, in Berkeley.

Dr. O. R. Jungerman was appointed tentative judge, the Detention Home, T. J. Weaver was appointed watchman at \$5 a day for the period during which the assessment rolls are in possession of the board.

Santa Clara Aliens Warned to Register. SAN JOSE, June 30.—County Clerk Henry A. Pfister today issued a last warning to male aliens of Santa Clara County, informing them of the consequences if they fail to register by Friday evening as provided for in the recent state law adopted by California. Punishment by \$100 fine and six months' imprisonment is faced by those failing to comply with the law, he declared. The county clerk will have extra deputies on duty to accommodate late comers tomorrow.

Going South C. E. HEWES, who quits city managership at Alameda for similar post at Long Beach.

SUMMER FACULTY IS ENTERTAINED BY ROTARY CLUB

BERKELEY, June 30.—Summer session faculty members at the University of California were the guests of honor yesterday at the annual luncheon and reception given by the Berkeley Rotary club at the Hotel Whitecroft for visiting educators. Seventy members of the summer faculty on the campus were guests of the club. Perry T. Tompkins, president at the luncheon and extended a greeting to the honor guests with "Dean Walter Morris Hart of the summer session faculty representing Dr. Charles H. Frosser, of Minneapolis, was the speaker of the day. He strongly urged a law for the scientific restriction of immigration, referring to recent magazine articles that he declared threw light on the subject. At the beginning he said that he wished to pay a tribute to the foreigner who has been a real help in developing the resources of this country.

It is true," he declared, "that we owe much to those who, in years past, came to assist in the work that had to be done. In early years the scientific restriction of immigration was a high type, and some of the character are still coming; but of recent years a vast number of undesirable persons have been permitted to land, and consequently the country has suffered, and will suffer more. It is against the undesirable and the dangerous classes that the country must guard."

"At this moment 20,000,000 aliens are seeking admission to the United States, 10,000,000 of whom are from Poland, and the carrying capacity of all the trans-Atlantic steamship companies has been sold in advance for the next years," Dr. Frosser said. "It is true that Congress has passed a law that is intended to give us fourteen months of freedom of space, but it is inadequate, and nothing in the way of effective legislation is in sight."

"Red" Book Peddler Acquitted by Jury. BERKELEY, June 30.—The selling of so-called radical literature does not constitute vagrancy, according to a verdict brought in last evening by a jury sitting in the case of Herman Meyling, vendor of papers and magazines. The jury was composed largely of former service men. Before retiring to the jury room the twelve jurors had listened for two hours to the reading of alleged "red" material sold by Meyling by Deputy District Attorney Wade Snook.

Meyling, who conducted his own defense, declared that he was not a vagrant, in that he had visible means of support. He read a list of his regular customers to the jury, the names of whom included college professors, a former city official and others in prominent walks of life.

Stanford President Off to Donner Lake. STANFORD UNIVERSITY, June 30.—President Ray Lyman Wilbur and his family will leave today for Donner Lake, where the family will spend the summer. President Wilbur will spend his time between the university and their summer home there.

Summer Session Classes. beginning June 20 will enable students to complete a full term's work in one of two high or grammar school subjects before the opening of the regular fall term. Each subject takes two hours of instruction and will require as many hours of preparation as if taken in a regular eighteen weeks' term. Ordinarily a student will not be permitted to enroll in more than two Summer School classes.

Small Classes—Individual Instruction. Supervised Study—No Competitive Examinations—No Social Distinctions. Program for Any University or College.

LONG BEACH ASKS HEWES TO RUN CITY

Alameda Manager Is Offered Like Job in Southland At Salary of \$7500; Change to Be Effective by July 5

ALAMEDA, June 30.—City Manager Charles E. Hewes, of Alameda, has been offered the position of city manager of Long Beach at a salary of \$7500 a year.

About eight months ago Hewes was asked to address a mass meeting in that city on the manager form of government. Shortly afterward Long Beach elected a Board of Freeholders to draw up a charter. Hewes' aid was again asked and given. On June 14 Long Beach elected its first council under the new form of government. This council, which is to take office on July 5, has unanimously elected Hewes as city manager.

Official confirmation of his election came in a telegram from the Long Beach city clerk this morning. "I guess I am as much surprised as anybody," said Hewes this morning. "When I was down there eight months ago I told them, half joking, that my hat was in the ring. They seem to have taken me at my word."

Hewes, who is 39 years old, is in point of service the oldest manager in California. He came to Alameda on May 1, 1917, from Alhambra. He is president of the California League of Municipalities and is known throughout California for his accomplishments and his activities in municipal affairs. He is a native of California and an engineer by profession.

A special session of the Alameda city council will be necessary to consider Hewes' resignation as city manager of Alameda. The next regular session of the council is on July 5. Long Beach wants Hewes to take office on July 5 with the newly elected city council.

It is possible an effort may be made to persuade Hewes to remain in Alameda. The Alameda city managership pays \$5000 a year.

Strange Animal Is Caught in Berkeley. BERKELEY, June 30.—A cross between a monkey and a rat, a strange animal trapped yesterday in the canyon adjoining the Hotel Claremont, is a captive today at the hotel's "petting zoo."

Owen Williams, assistant engineer at the hotel, and William Hoessli, employee of the East Bay Water company, caught the creature yesterday after a battle on the lands of the water company.

The animal, suffering from mange and whether he is a species of contraband animal who was smuggled into this country by a hotel guest, turned loose because of his condition is what hotel authorities are trying to determine.

In the meantime the little creature is causing considerable speculation at the hotel as to his identity.

DOPE PEDDLER SENTENCED. Clint Sew, who was arrested at Sixth street and Broadway on a charge of violating the state poison act, was sentenced by Police Judge Byrrell to fifty days in the city prison. He had two small packages of morphine in his pockets when arrested.

Lad Wins Race to Establish His Honesty

SAN JOSE, June 30.—Leon Baker, a colored boy from the Land of Dixie, this morning ran a race to establish his honesty. The race was held at the local police office before he was spotted by an officer. And Leon won.

The young fellow has been working in and about San Jose for several days in an effort to make a living, he states, and on two or three occasions has lodged in one of the free beds at the "station" when out of finances.

This morning he was going along San Carlos street, near Market, when he spied an automobile tire lying in the middle of the street. He grabbed it, and stood perplexed. It was a 10-to-1 shot that if a copper saw him with that tire he'd be pinched, and all the world couldn't establish his innocence of theft. Yet Leon was honest enough to want to turn the tire over to the authorities, rather than letting someone else make off with it.

There was but one way to save the tire and himself, Baker figured, and that was to reach the police office before he was spotted by an officer. It was a long chance, but the boy was game. He lit out post haste for the city hall. Three minutes later he rushed wild-eyed and out of breath into the police office, dragging the tire behind him.

"There you are, officer," he cried jubilantly. "I got it here and you can't say I fished the tire, either. It was a tough race, but I won."

And the officers claim he did, too. The lost tire is at the police office awaiting the owner's identification.

FIREMEN 'SAVE' MEN LOCKED IN OFFICE BUILDING

So interesting was the conversation last night between J. E. Shaw, 1211 Poplar street, and John Aregood in Aregood's office in the Federal Realty building, Sixteenth and Broadway, that they forgot about a mere matter of time, and as a result were failed to depart before 10 o'clock. After making futile efforts to find an exit, they called the fire department, and with the aid of ladder and again, second-story windows, Aregood and Shaw left the building, cheered by the throng that had gathered.

BETTER ERA FOR EUROPE IS FORESEEN

Dean Hunt of U. C. Agricultural College Says Conditions Improving Despite the Reports of Internal Rows

BERKELEY, June 30.—Despite external evidences of strife and disturbance, conditions are not as bad in Europe as they seem on the surface, according to Professor Thomas Forsythe Hunt, dean of the college of agriculture at the university, who has just returned from a year's travel abroad.

"Notwithstanding the differences in England and the fall of the cabinet in Italy, conditions are fundamentally better as far as governments are concerned than they have been for years," comments Dean Hunt.

Dean Hunt spent the last year in travel and study in Italy, Sicily, Egypt, England and Scotland. The main purpose of his trip was to make a survey of European methods of agriculture with special reference to food production and its effect upon the progressive development of various nations.

The migration of peoples to the center of food production was an interesting feature of his study. "It was lucky for Europe that Columbus discovered America," declares the college professor. "For the discovery of America opened the way for the exportation of much-needed foodstuffs to Europe as well as affording an outlet for certain of Europe's products. It is but natural that peoples migrate to the centers of productivity and that is the main reason why America has taken such strides forward."

From November of last year to May of this year Dean Hunt spent in Rome, at the request of President Wilson, as America's representative at the permanent committee of the International Institute of Agriculture, where 55 nations were represented.

After a study of lemon and orange growing in Sicily, Dean Hunt spent several weeks in Egypt investigating agricultural conditions during the grain harvest and the Egyptian methods of perpetual and basin irrigation.

Dean Hunt was accompanied on his European trip by his wife and daughter, Miss Marian Hunt.

NEWS OF U. S. INDUSTRIAL AND FINANCIAL CIRCLE

GROWTH OF U. S. WEALTH LESSON FOR GLOOM DAYS

Danger of Modern Times Is Extravagance, Asserts Rail Magnate.

By HOLLAND. Exclusive to OAKLAND TRIBUNE. NEW YORK, June 30.—The population of the United States increased from 100,000,000 in 1880 to 135,000,000 in 1920. These amazing figures served Howard Elliott as a text for the address which he delivered in Boston on the fourth anniversary of the class of 1918 of Harvard University.

Dr. Schwab said he is willing to part with all the wealth and reputation he has gained if thereby he could contribute to the advancement which the United States is to make in the coming generation.

WHAT THE DANGERS ARE. This stupendous increase in wealth in forty years has tended to increase extravagance.

WITH THE RAILROADS. In 1880 there were, Elliott says, 10,000 miles of railroad in the United States. This figure has increased to 125,000 miles.

CHICAGO GRAIN. CHICAGO, June 30.—Prospects of cooler weather and rain in the North-west led to declines in the wheat market today.

SPRIT OF UNREST. This unprecedented national growth may, in part, explain the spirit of unrest and of discontent which Elliott says does unfortunately prevail.

CHICAGO GRAIN. CHICAGO, June 30.—Prospects of cooler weather and rain in the North-west led to declines in the wheat market today.

CHICAGO GRAIN. CHICAGO, June 30.—Prospects of cooler weather and rain in the North-west led to declines in the wheat market today.

Business and Finance

Judged by their dividends which usually are the most important barometer of prosperous condition, west coast, and particularly California companies, are in an especially well-fortified position and are enjoying business health which has escaped all too many companies east of the Rockies.

What insurance men consider an important step has been taken by the board of governors of the Insurance Brokers Exchange in San Francisco.

It was pointed out today by William Cavaller and Company in Oakland that very few coast companies have been obliged to curtail dividends and there is no record where a company of consequence has passed a preferred dividend, although there have been repeated instances of this in the east.

So favorable a condition is ascribed in part to the wisdom of most coast companies in building up surpluses during the war but more largely to the much better industrial and financial conditions which have prevailed in California than in the east.

Bank of Savings Men. Officers and employees of the Oakland Bank of Savings were entertained at a dinner meeting at the Hotel Claremont in Berkeley.

UNUSUAL SECURITY. There is in Southern California a gas and electric company which occupies a unique position among all the companies of its kind.

CHICAGO GRAIN. CHICAGO, June 30.—Prospects of cooler weather and rain in the North-west led to declines in the wheat market today.

SPRIT OF UNREST. This unprecedented national growth may, in part, explain the spirit of unrest and of discontent which Elliott says does unfortunately prevail.

Silk Shirt Era Booms Business in United States

WASHINGTON, June 30.—The silk goods industry in the United States has grown nearly three-fold in the last five years, the total value of silk products in 1919 being \$688,946,000 as compared with \$254,011,000 in 1914, according to a statement issued today by the census bureau.

CALIFORNIA ELECTRIC. The Nevada-California Electric Corporation earned 191 times its bond interest in May.

VALUES SET ON THREE WOOD-WESTERN RAILS. The Interstate Commerce Commission today announced further valuations on Western Railroad properties.

TARIFF BILL CAUSES TREES IN MARKET. Prices in the stock market broke very sharply in the first trading today as a result of the higher averages on imports contained in the Fordney tariff bill.

CALIFORNIA GAS REPORTS NEW KANSAS OIL STRIKE. According to word from R. V. Dixon, of Oakland, oil and gas operator, and vice-president and managing director of California Natural Gas & Development Company of San Francisco.

ONLY \$181,300 BID FOR MOTOR HOLDINGS. Bids for \$181,300, par value out of the \$1,028,920, of public obligation bonds and other securities of the bankrupt estate of Morris Brothers.

PRICES OF FURS GAIN 20 PER CENT. Once again the prices of furs have advanced, according to indications of a public sale at Winnipeg, Canada.

PAID MOTOR COMPANY. Plans for a "birthday party" for the Tucson Motor Company have been made by the East Side Board of Trade.

MEXICANS DROP OIL LAW CHANGE UNTIL AUGUST

Deputies Without Powers to Remove Obregon Tax Is Advice.

MEXICO CITY, June 30.—Article 27 of the Mexican constitution, relating to oil concessions, probably will not be amended by the Chamber of Deputies during the extraordinary session, which will end the latter part of August.

GENERAL MOTORS. General Motors Corporation today declared the following dividends:

NOTES. Internal Revenue Commissioner Blair today announced a decision on tax delinquents, violators of the Anti-Narcotic laws.

COTTON MARKET. NEW YORK, June 30.—Poor cables from London and Liverpool, and New Orleans interest, caused a easier opening in the cotton market this morning.

DIVIDENDS. Owl Drug Company—Semi-annual 4 per cent on 8 per cent cumulative, payable today.

PAID MOTOR COMPANY. Plans for a "birthday party" for the Tucson Motor Company have been made by the East Side Board of Trade.

BLYTH, WITTER & CO. MUNICIPAL AND CORPORATION BONDS. FOURTH FLOOR EASTON BUILDING. THIRTEENTH AND BROADWAY, OAKLAND. OAKLAND 1646. San Francisco Seattle New York Los Angeles

Pacific Gas and Electric Company 1st Preferred Stock to Yield 7 1/2% Intelligent Investment is Based on Facts In the present business situation, the one fact of paramount importance to investors is such stability of earning power as will assure uninterrupted income. For the information of more than 13,000 present investors in Pacific Gas and Electric Company First Preferred 6% Stock, and for the guidance of others who are seeking a safe channel for the investment of their funds, we present a few convincing facts on this all important question: Fact 1. Five years' earnings—January 1, 1916, to December 31, 1920. Total Profits Available for Preferred Stock Dividends \$16,460,000. Total Preferred Stock Dividends Paid 7,643,000. Excess of Profits over Dividends—Margin of Safety \$8,817,000. Fact 2. Latest earnings—Twelve months to May 31, 1921: Surplus Available for Preferred Stock Dividends \$4,299,000. Preferred Stock Dividends 1,918,000. Excess of Surplus over Dividends—Margin of Safety \$2,381,000. Fact 3. In the seven years since the Company's first offering of its First Preferred 6% Stock to its customers it has added 220,000 new customers, invested \$40,350,000 of new capital in additional facilities and increased its business by \$18,600,000. The margin of safety for the Preferred Stock Dividends has also increased substantially. If, however, the Company had not added a single dollar to its annual surplus in these seven years, it would still be earning enough to pay the dividends on the entire amount of Preferred Stock now outstanding. Fact 4. The book value of the Company's plants and properties at December 31, 1920, was \$164,655,000, of which \$91,875,000, or 56%, represents new construction and acquisitions made in the last fifteen years. The above earnings are, therefore, on a firm foundation, being amply supported by property values in respect of capitalization. At the present price, the investment in this Stock yields 7 1/2%. Dividends paid by check every three months. It is non-assessable and non-callable; exempt from Personal Property Tax in California; exempt from Normal Federal Individual Income Tax. Give orders or apply for further particulars to Pacific Gas and Electric Company—Stock Sales Department 445 Sutter Street, San Francisco, California

NEW FACES WILL
BE SEEN AT CITY
HALL TOMORROWRecently Elected Officials to
Take Seats; Shake Up Is
Promised.

Today is the last day of the old administration which has controlled the city's affairs for several years. Of the famous "Morse, Edwards and Soderberg" combination, which regularly voted down Mayor Davis and Commissioner Baccus, only Edwards will remain.

Tomorrow Frank Colbourn and Albert E. Carter will take office as commissioners.

It is tacitly agreed that Colbourn will succeed Morse as head of the department of public health and safety, which includes the police, fire and health departments. Carter will probably succeed Soderberg as head of the department of public works.

A peculiarity of the incoming administration is that up to 8 o'clock this morning not the slightest information had been given as to who will be appointed to the various city offices and jobs, except one or two names which have been tentatively mentioned.

NEW TREASURER.

"Bert" Anderson will succeed William Fitzmaurice as city treasurer. It is rumored, and Inspector Caldwell will succeed Chief of Police Thompson, but this is not established as a positive fact as yet. A strong fight is being made for Fitzmaurice. Thompson, who held hopes of staying last week, admitted on Monday that "there will be a new chief of police after July 1."

The reason why the new office holders have not been announced, it is said, is not because of a deep, close censorship of the matter by the incoming administration, but mostly because the incoming administration has not entirely agreed. Rumors of discord in the new "harmony administration" have been thick lately, but it is admitted that all efforts are being made to achieve a full understanding before the office-taking tomorrow.

Commissioner Baccus, who admits the split with President John Chambers of the Civil Service Board, says he is ready to join the harmony.

BACCUS FOR PEACE.

"I'm willing to be friends," says Baccus. "If I'm met half way I'm willing to meet anybody half way."

Chambers is now in the east, and will not be back for a couple of weeks. Frank Colbourn, commissioner-elect, admitted yesterday that the new heads had not "got together" entirely on all the new office holders, but made one significant statement: "There will probably be only a couple of the old faces at the city hall."

Among the old faces, it is rumored, will probably be Electric Inspector Hardy, a technical man who has taken no hand in politics and whose office has not been mentioned as needing a new head. Who the other old face will be is not known now. Arrangements are being made, it is said, for City Clerk Lon Cummings to be an employee of the department of Education in the very near future.

DRIVERS ARRESTED
ON DRUNK CHARGE

Three men were arrested within the last 24 hours on charges of driving their automobiles while intoxicated. They all appeared this morning before Police Judge Edward J. Tyrrell and their cases were continued until tomorrow because in two cases there were no complaints filed.

Earl M. Sproul, 134 Eighth street, was arrested at the corner of Twenty-second and Harrison streets after he had collided with a machine which was driven by Mrs. W. Simpson of 2903 Forest street. Both machines were damaged, but no one was hurt. He was arrested by Deputy Sheriff C. L. Cotter, who swore to the complaint.

A. J. Danner was arrested by Officer E. M. Denile at Thirteenth and Jefferson streets for driving his machine while under the influence of liquor.

The third man to be arrested was Earl H. Lowe of 315 Third street, Richmond, who was arrested at Fruitvale avenue and Boothill boulevard. In the cases of Danner and Lowe no complaints have been sworn out by the arresting officers.

WILD JUMP FROM PEANE.

Price Miller, parachute jumper, formerly with the royal air forces, made arrangements today to appear as one of the attractions at Oakland's Fourth of July celebration, when he will jump from an airplane, piloted by a Durant aircraft aviator, more than 3000 feet above the surface of the earth. Miller said he would "hop off" the top wing of the plane at such a time so could land in his parachute in Lakeside park.

New Jewels for Old

Many an old breast-pin, cameo set or ring, obsolete now, and of no present use, has the possibilities of a beautiful piece of modern jewelry.

Bring your old pieces to the HERBERT JACKSON COMPANY for reconstruction before you leave on your vacation.

The expense of remodeling is of an amazingly small.

We Don't Put Prices On a
Roller Coaster!

At the request of hundreds of Oakland men, this advertisement, published January 22, 1920, is repeated now, just as the curtain is about to rise upon another orgy of roller-coasting prices which, fortunately, no longer deceive anyone but their instigators!

ZIP! Here's a daring cartoon with a big message for you! The artist's pen has put across the plain, unvarnished story of Oakland clothing methods MORE CLEARLY than PAGES OF WORDS! Look! Grasp the big idea in a flash! Why go "roller-coasting" when you buy your clothes? Why pay sky-high prices when the season opens or browse among "picked-overs" later on, at so-called "clearance sales?" It is fair to you—unfair to your purse—unfair to your pride and your personal appearance.

It's not only unfair—it's **UNNECESSARY!** Listen! This store has never held a **SALE** over **EIGHT** times every year instead of only once a season! Result: Our stocks are always **FULL**—our styles are **ALWAYS NEW!** Prices are never **BOOSTED UP** to cover "marked-downs" later—but season-in-

stead of **LOWER** than the **LOWEST** clearance prices elsewhere. Not \$50 up to a hundred, but \$25 to **GUARANTEED** values. The savings?—we guarantee as the greatest in Oakland! Our \$10,000,000 guarantee is 5 convincing, price-reducing **REASONS** prove every, we say!

Trade Upstairs & Save \$10
at the largest exclusive clothiers in the world

Here They Are!—the 5 F. & C. Reasons

that will **CONVINCE YOU**—just as they have convinced thousands of men all over America that the common-sense road to good clothes at fair prices leads straight to this big upstairs store!

1. A coast-to-coast chain of **UPSTAIRS** stores.
2. \$497,568.00 saved yearly in rent alone!
3. Clothes made in our own wholesale tailor.
4. Plain stores—no mahogany fixtures to pay.
5. Cash business—no credit losses.
